

## True or False

Follow the instructions to complete the activity.

NAME

DATE

Using the information in *Chimpanzee Nests*, verify whether the following information is true or false. Check your answers in the book. List the page number where you found your information beside your answer.

Statement 1	<input type="text" value="Leaves make a soft place for a chimpanzee to sleep."/>	<input type="checkbox"/> True <input type="checkbox"/> False	Page Number	<input type="text"/>
Statement 2	<input type="text" value="Chimpanzees are active mainly during the night."/>	<input type="checkbox"/> True <input type="checkbox"/> False	Page Number	<input type="text"/>
Statement 3	<input type="text" value="Chimpanzees do not know how to weave sticks and branches together."/>	<input type="checkbox"/> True <input type="checkbox"/> False	Page Number	<input type="text"/>
Statement 4	<input type="text" value="Chimps in cooler regions add more leaves and twigs to stay warm."/>	<input type="checkbox"/> True <input type="checkbox"/> False	Page Number	<input type="text"/>
Statement 5	<input type="text" value="A young chimp cannot learn to make a nest by watching its mother."/>	<input type="checkbox"/> True <input type="checkbox"/> False	Page Number	<input type="text"/>

# Image Match

Follow the instructions to complete the activity.

NAME

DATE

Using information found in the book, match each image to the sentence that best describes it. Write the number for each sentence in the space provided.

**Image**

**Number**

**Sentence 1**

Chimpanzees look for branches that are stiff but flexible.

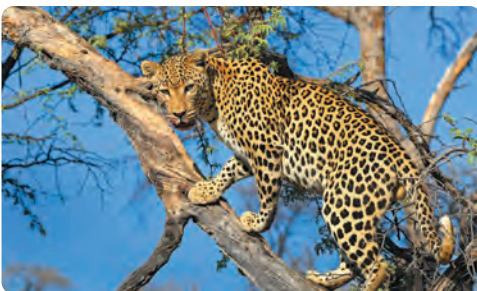

**Sentence 2**

Leopards and other wild cats hunt primates such as chimpanzees.

**Sentence 3**

Chimpanzees live in the forests and savannas of Africa.

**Sentence 4**

At first, a baby chimp shares a nest with its mother.

## Fill in the Blanks

Follow the instructions to complete the activity.

NAME

DATE

Use the information found in *Chimpanzee Nests* to help you complete the following activity.

1. Chimpanzees build nests for shelter, to stay warm, and to  them from predators.
2. Chimpanzees bend and break tree branches to form a  to make the base of the nest.
3. Chimpanzees build their nests high above the , away from predators.

6. The high nests protect chimps from biting and stinging  that tend to stay close to the ground.

Complete the statements by writing the correct number in the box.

Chimpanzees sleep for this many hours in a nest.

**10**

Some chimps climb more than this many feet above the ground.

**19,000**

A chimpanzee nest is approximately this many feet wide.

**8 to 9**

A chimpanzee takes approximately this many minutes to build a nest.

**30**

A chimp may build this many nests during its lifetime.

**3**

# Process of Building a Nest

Follow the instructions to complete the activity.

NAME

DATE

Using the information found in the book, as well as the library and online content, research how chimpanzees build their nests. Beside each entry, write a short explanation of why this step is important. Once you are finished, find a partner and discuss your findings.

Nest-building Step	Significance
1.	
2.	
3.	

## Quiz

Test your knowledge by answering these quiz questions.

NAME

DATE

**1** How wide are chimpanzee nests?

**2** How high do chimps climb above the ground?

**3** How much do chimpanzees weigh?

**4** How long does it take a chimpanzee to build a nest?

**5** What kind of animals hunt chimpanzees?

**6** How long do baby chimpanzees ride on their mothers' backs?

**7** Chimps choose to make nests in which type of tree?

**8** In which three countries do chimpanzees live?

## Key Words Match-Up

Write the words from the list below in the box above the correct definition for each word.

NAME

DATE

### KEY WORDS

flexible  
tripod  
savannas  
predators  
habitat

endangered  
primates  
stable  
insulation  
threat

1.   
in danger of dying out

6.   
mammals with hands that can grasp things

2.   
easy to bend or change

7.   
grasslands with few or no trees

3.   
the type of place where plants or animals normally grow or live

8.   
unlikely to move, break, or change

4.   
material that covers something and keeps heat from getting in or out

9.   
something that can cause danger or harm

5.   
animals that hunt other animals for food

10.   
a stand with three legs that is used to hold objects

## Quiz Answer Key

Compare your quiz answers with the answer key below.

NAME

DATE

**1**

Approximately 3 feet (0.9 meters)

**2**

More than 30 feet (9.1 m)

**3**

Between 70 and 130 pounds (32 and 59 kilograms)

**4**

10 minutes

**5**

Wild cats

**6**

Until they are 2 years old

**7**

The Muhimbi tree

**8**

Senegal, Uganda, and Tanzania
