

Largest Wetlands by Area

Follow the instructions to complete the activity.

NAME

DATE

Using information found in the book, pair each continent with its largest wetland by writing the continent's number in the space beside the wetland's name. Then, record the maximum area of each wetland in the space below its name.

Asia

☐

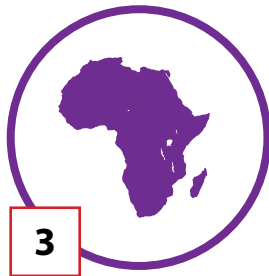

Amazon Basin

North America

☐

West Siberian Lowlands

Africa

☐

Upper Nile River

South America

☐

Hudson Bay Lowlands
