Create a timeline of your life using the chart provided. Think about important events in your life and when they took place. Write the year in the first box and the personal event in the second box. Research online to find out about world events that took place in the same year. Write about the world event in the third box. Continue until you have listed at least seven events. Be sure to place them in order of when they occurred, beginning with the earliest date. You can also choose to write the timeline about another person you find interesting.
