Create a Timeline

Follow the instructions to complete the activity.

NAME

DATE

Create a timeline of your life using the chart provided. Write your name at the top of the second column. Then, think about important events in your life and when they took place. Write the year in the first box and the event in the second box. Research online to find out about world events that took place in the same year. Write about the world event in the third box. Continue until you have listed seven events. Be sure to place them in order of when they occurred, beginning with the earliest date. You can also choose to write the timeline about another person you find interesting.

YEARS	_____	EVENTS
